Hall of Fame

Foreword from the DDCA Hall of Fame Sub-Committee

“The DDCA Hall of Fame (HoF) sub-committee members were honoured to be tasked with selecting the inductees for the third DDCA Hall of Fame event at tonight’s celebrations. As was the case in previous years, the standard of all nominees received has been of the highest order - again reflecting the history and strength of the DDCA organisation itself, this also made the inductee selection process a very challenging one.

The HoF sub-committee thanks all those club and association officials who have taken the time to put their nominations together for this year. The sub-committee utilised the process and criteria set out by the DDCA Executive and we congratulate the three successful 2018 nominees, all of whom have accepted the honour.”

*“The Hall of Fame is an ongoing commitment by the DDCA to properly recognise special members that through their efforts, either on or off the field (or both) have made outstanding and significant contributions to our organisation as a whole. It is important to remember that the DDCA Hall of Fame is **not** a one-off award and therefore we can concentrate on celebrating those nominees being inducted tonight in the knowledge that Hall of Fame entry is available for successful nominees every year going forward.”*
